- I. WHEREAS the Agent has been assisting and supporting the Principal in discussions and negotiations with representatives of Sete Brasil Participações S.A. (“**Sete Brasil**”) for a contract for the engineering, procurement and construction by the Principal of one (1) drilling rig unit (“**DRU**”) for an affiliate of Sete Brasil.

NOW, THEREFORE, for and in consideration of the premises and the mutual benefits, covenants and obligations recited hereinafter, the sufficiency of which is hereby acknowledged, the Principal and the Agent hereby agree as follows:

1. BUSINESS

The Agent will continue to use its best endeavors to obtain for the Principal a contract for the engineering, procurement and construction of one (1) DRU for the Principal (“**EPC Contract**”) for an affiliate of Sete Brasil Participações S.A. This Agreement shall come into force from the date hereof until the completion or termination of all rights and obligations under the EPC Contract.

3. COMMISSION

In the event (and only in the event) that the EPC Contract is entered into between the Principal and the Customer for the engineering, procurement and construction of one (1) DRU by the Principal for the Customer, then subject to the terms appearing hereafter, the Agent shall be entitled to a commission (“**Commission**”) of 0.5% of the contract price paid to the Contractor under the EPC Contract (“**Contract Price**”).

The Commission shall be payable in Reais (R\$) only and for purposes of calculating the Commission, that portion of the Contract Price that is payable to the Principal in United States Dollars (US\$) under the EPC Contract shall be converted into Reais (R\$) based on the Brazilian Central Bank exchange rate for US\$ prevailing as of the 3rd day preceding payment of such Commission.

EXHIBIT 1

Example of Remuneration Calculation

Payment to be made in US\$:

If invoice which URCA has paid is: R\$100,000 and US\$100,000

Then amount to be paid to Consultant shall equal:

US\$100,000 + R\$100,000 (which already includes escalation formula in contract applied to amount to be received in R\$, wherein such amount is then divided by the then prevailing exchange rate 3 days preceding when the funds are to be paid by, which rate is taken as US\$1= R\$1.9655, which yields US\$50,877.63) =
US\$150,877.63 x 1.5%

Yields: US\$2,263.16

(amount to be paid pursuant to what URCA has paid of R\$100,000 and US\$100,000 applying rate of 1.5%)
